Course Description

This course enables students to independently read Pali texts with the help of dictionaries. Every assigned reading will be self-contained in its relation to Buddhist teachings and their significance. The main focus of this course is to make grammatical explanations as clear as possible, while also gaining access to Pāli original sources for textual studies research using the Pāli dictionary and vocabulary. Each lesson includes a set of readings with an accompanying glossary and grammatical notes covering different nouns and their declensions, verbs and their conjugations, compounds, primary and secondary derivatives, syntax, clause and numerals.

Course Content

Building on their learnings in Pāli Language I, II, and III, this course introduces skills to analyze and understand complex grammatical structures of Pali texts, with a special focus given to reading, understanding, and translating the selected passages from the discourses in the *Dīgha Nikāya*, the *Majjhima Nikāya*, the *Udāna*, and the *Milindapañha*, together with their counterpart commentarial literature.

Learning Outcome
